and the year that should terminate the war. On the part of the North, at the outset, the aumenacement was mined that it was to be "short and sharp," while the Senthern people as cenfidantly expected that a few victories, compled with the notten famine, both in the North and

in Enrope, would bring about a speedy peace. But time has demonstrated to us the futility of all our calculations, and we to-day find ourselves in the position of the seniarer, who, having been ent upon the bread bosem of the ocean for many weeks, and still dispovering nothing round or about him but a wide orpangive field of water, ands himself no nearer the desired haven than when he first set out. Se in this war. We are apparently no nearer the end than we were two years ago, after the first butthe of Manassas. In fact, we have all cossed to make any calculations as to the time of its du-

ration and termination Of one thing, however, we feel pretty well ansured, and that is that it cannot be brought to a class during the existence of Liveous's Ad ministration. It is very evident from the signs of the simes that the questions of war and years | the burning brand, and we shall rejoice if Line | was kept up. are ld borrane the chief elements in the next

maketh the heart wick."

There are indications, however, that the fories of the war may in the future he semswhat mitirated and that it will not be waged with that randictiveness and viralence that has hitherto became shoulded at their own enermities, Smith from the west bank of the river. spellstions committed by their soldiery in the along by frequent retalistery raids into their first repulses resched him-we "heps for the nountry, whereby they will be taught some of best, but are prepared for the worst." the hardships wat entails. As announced by BANKS, on ansuming command in New Orlease, with them the war is only an " abiding, serrow," while with us it is a "calculty." These raids, which have already been commenced, both in Pennsylvania and Indiana. will very not it awaken them also to a source at its calamity, and will destitles toud greatly to strengther the cry for peace.

We have, merester, semething to hope for from the threatened apareby and discord which terminal to make presidential espital out of them. Evin the peace party of the North, we legted there. imagine, neither anticipate per desire a trace under Lawconn's Administration. They raise and switzes the question new, in order that they

may rea into power on it two years hence. Whether these speculations, however, he right or wrong, just er unjust, our duty under the nmataness is none the less clear. Whether peace be mar at hand or the end of the war afar off, it is the salamn duty of every man and great takk before them, and while haping for the best, be prepared for the werst, remembering that our destiny is in the hands of an all-wise Providence, "who dotth all things well."

IMPORTANT DAMAGE. the demage done is estima-several small

the immediate finighberhood of Knexville and forced several slaves to go with them. We suppose a good many others have joined them volunfaily, but we have not as yet heard of any eases of the kind.

A BEUVAL HUMBER.

Referring to the killing of Dr. BAKER by the Tankeis, near Knexville, the Register says It was a case of wanton raurder, and committed in the presumpe of his wife and children. When they demedo his horse Dr. Banen was standing in his yard, and told them he was a non combutant, notwithstanding which one of them. cooked his gun, and was about to fire at him, when the Doctor drow a pistel and fired. He then went into his house and get a gun. A large number of Tankers filled the bousa. The Ducker shot one of them - he was shot several timezwas struck with a bayoust, and backed on the head with the busech of a gen.

FROM BEAUQUARTERS.-The Charlette Courier, of gesterday, says : "A gentleman who arrived here yesterday from General John sten's henaquarters at Canton, Micsiscippi, represults the most perfect accord between Sen. Jokeston and Gon. Pembertan. The latter was is no burry for Gen. Johnston to move forward, but preferred that Great should remain where he is and emilians, his implicatual assaults. Whin the proper time agrices the signal will be given, and sunguine expectations are entertained of one of the most brilliant triumphs of the war Gen. Pemberion has previsions for full rutions for two remails, and with proper sconning can he made to last three scouths." This is a choor-

THE SITUATION IN PRISERSENPE. We observe that the Mobile Register is an arrest advocate of the policy of strengthening our forces in Mississippi, to such an extent as THE WENTER EVENING. JUNE 45.
